

Catholic Schools Week

UNITED IN FAITH AND COMMUNITY

Today we celebrate the nation. Communicate the value of Catholic education to government leaders—local, state, and national—on the significant contributions Catholic schools make to the nation by preparing students to be good citizens. Pray for the nation, and recognize all those who serve.

WEDNESDAY: CELEBRATING THE NATION

Activity: Color the map of the United States of America. Older students, label the names of each of the states. After you are done working on the map, say a prayer for the nation.
