

Catholic Schools Week

UNITED IN FAITH AND COMMUNITY

Parents, guardians, and other family members play a vital role in Catholic education by instilling Christian values and academic excellence in their children at home. We acknowledge our families as partners in Catholic education and celebrate their contributions to the success of our schools.

SATURDAY: CELEBRATING FAMILIES

Activity: Write the names of your family members on the leaves below and cut out. Together with other students, create a large-scale family tree to display in your school or classroom.
